

About Us

Since 2013, Radhe Stonex has continuously been a recognized leading supplier in the stone industry in India. Company Owners **Mr. Rajkumar Agarwal** and **Mr. Rounak Agarwal** believe that our company's success is built on the basic principles of quality, service, and trust. The quality of the products we manufacture is unmatched. Every product that we offer comes from a very fine source and is converted into various degrees and levels of finishing and supplied to the market.

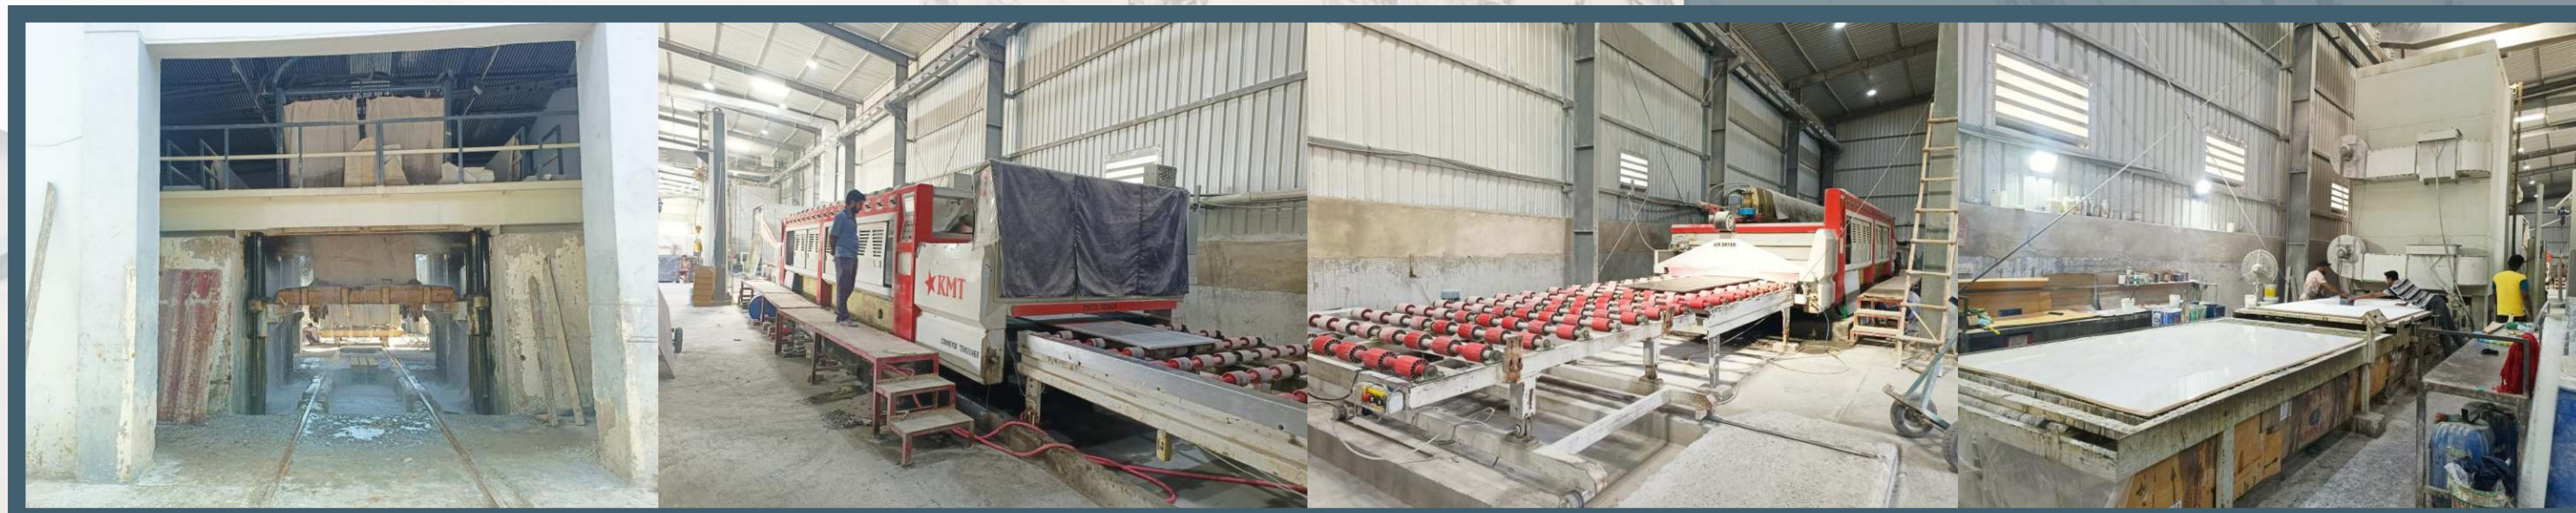

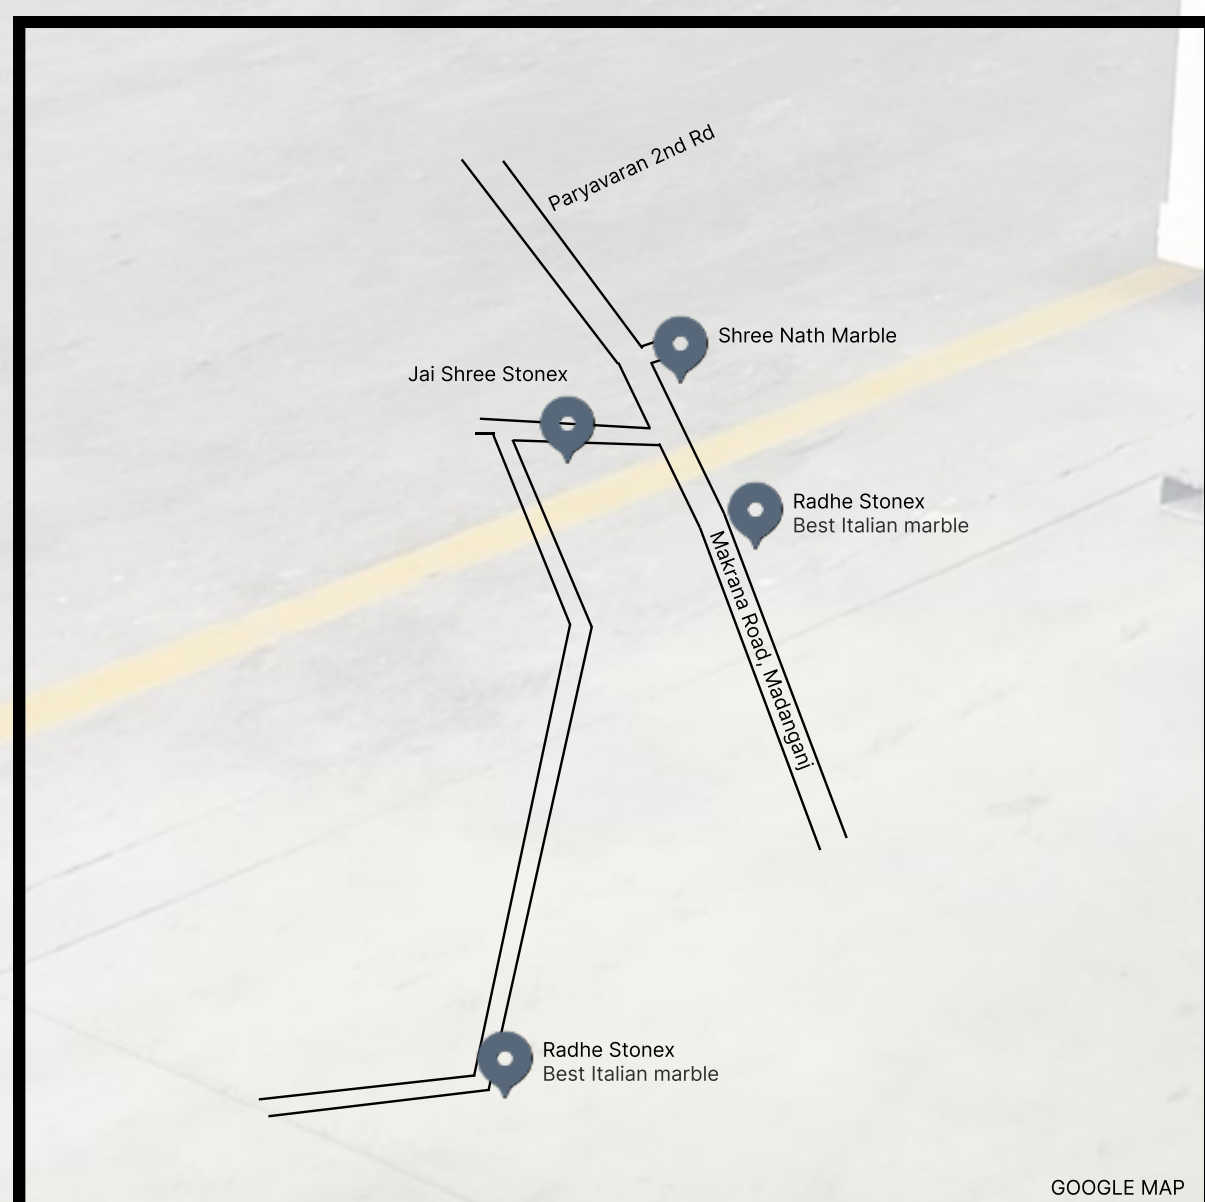

The use of natural stone in the interior is an investment that will give you many years of gorgeous design. Natural stone is widely used for both residential and commercial designs. The luxurious beauty of Indian granite and Imported marble is charming. At Radhe Stonex, building strong relationships with customers is the core foundation of our company.

FACTORY

Since 1995 we continuously been a recognized leading supplier in marble industry in makrana, In present our Radhe Marbles Factory located in kishangarh Our factory began productions in Month of 2009. Our factory is equipped with the the latest technology, used in natural stone production. However, having the best or latest technology is insufficient without experience, that is why we rely on our years of experience as much as we rely on technology.
